The Big Brother Big Sisters Programme

I am a Big Sister at school. I joined the scheme in September last year. I joined the scheme because I want to help P1 students. I feel happy when I can help other students.

I help the P1 students to check their handbook and homework. The P1 students are too young to write the handbook on their own. I teach them how to write the handbook.

When the P1 students are in a fight, I can stop them fighting and try to teach them to be kind and nice to their friends.

I can also teach the P1 students to do homework. I teach them patiently.

In the recess and lunch break, we play games in the playroom or we read books in the library. We also play in the playground.

Being a Big Sister is a very meaningful job. I like this job very much.
