A letter

13th February, 2016

Dear Mr. Earth,

I am writing to tell you about the ways to help you.

At home, we can help by saving water. We should turn off the tap when we brush our teeth. We can help saving the energy. We can turn off the lights when we do not use them. At school, we can help by saving paper. We can use 2-sided paper.

Hope you can get well soon.

Love,

Lisa
