Good morning, my name is Grace. I study in Lok Sin Tong Leung Wong Wai Fong Memorial School. I have studied in this school for five years. I am ten years old.

My hobby is playing the piano. I like to play it because it is relaxing. I have learnt to play piano for three years.

I want to be a coffee maker in the future. I like making coffee. I need to be hard-working and kind so that the boss will trust me. I am friendly and kind. I will make coffee twice a week for my family to practice coffee brewing skills.

This is the end of my self-introduction. Thank you for listening.
