Changes in Hong Kong

Do you know what the differences are between old Hong Kong and now Hong Kong? Lives in the past were different from nowadays. In 21st century, Hong Kong is an international city and it is more convenient than the old Hong Kong. This article will compare the ways of transportation and contact methods between old Hong Kong and new Hong Kong.

The transport nowadays is more convenient and comfortable than the old Hong Kong. Either riding bicycles or travelling on rickshaws were the most popular transportation in the past. Travelling took a lot of time. Nowadays, people can travel by buses, taxis, MTR trains, etc. They are very comfortable because air conditioners were provided.

Besides transportation, the contact methods are easier and more convenient nowadays .We can use apps to chat with our friends or parents on smart phones.We can send e-mails to contact our friends as well. People could only send letters to

their friends in the past. It took a lot of time and it may be lost as well.

Hong Kong is a wonderful city .Hong Kong will surely be better in the future.
